

HUBNETIX

Fibre Optic Rack Mount Patch Panel-L2 Series

Description

HUBNETIX LANLINE Fibre Optic Rack Mount Patch Panel-L2 Series provides centralized location to manage all network applications like centralized point for termination, storage, splice, optical fibre distribution, OAN, data centers and LAN. This HUBNETIX LANLINE ODF (Optical Distribution Frame) rack mount patch panel case is adaptable with standard 19" frames and currently being widely used in HUBNETIX LANLINE's optical fibre distribution frames. The rack mount is made of top quality metal material. Splice and distribution are integrated in one module. This unit provides excellent fibre patching management. It is an ideal solution for rack-or cabinet-mounting areas.

Features

- Top quality steel with electrostatic paint ensures strong body and pleasing appearance
- Easy installation: 19" wall mounting
- Front rack mount brackets work with most network cabinets
- Removable front door with designation labels
- Integrated splicing, distribution with fibre storage
- Vertical cable guides on exit side allow managed routing and protection of fibre exiting the panel
- Multi-functions - Works with all HUBNETIX LANLINE Series A modules (not just for splicing & terminating, also with options for fibre storage)
- Protected patch panel offers secure environment for adapters, patch cords and pigtails
- Adoptable adapter types: FC, SC, ST simplex adapters and LC duplex adapters

Dimensions and Capability

Height	Depth	Width	Module A1			Module A3	
			Capacity			Capacity	
			FC/SC/ST	LC duplex	Module	FC/SC	Module
4U	250	19"	12	24	1	24	1
			24	48	2	48	2
5U	250	19"	36	72	3	72	3
			48	96	4	96	4

Operation Conditions

Temperature	-5°C -- +60°C
Humidity	90% at 30°C
Air Pressure	70kPa – 106kPa
